

WELCOME EMAIL

In this scenario, a welcome email was designed for the fictional company Homework Helpers using Mailchimp.

DESIGNED WELCOME EMAIL USING MAILCHIMP:

The image shows a designed welcome email for Homework Helpers using Mailchimp. The header features a stack of colorful books with an apple on top, the company name "HOMEWORK HELPERS" in a large, bold, black, hand-drawn style font, and a green pencil below it. Below the header, the text "One-on-one tutoring for student success" is displayed. A paragraph of text follows, stating: "The fall semester is almost here! We're sharpening our pencils and getting ready to welcome students again. Whether you're new to Homework Helpers or you've worked with us before, we can't wait to help your child reach their potential. Spaces are limited, so book early to reserve your slot!" A blue button labeled "Book now" is centered below the text. At the bottom left, there are four circular avatars of diverse tutors. To the right of the avatars, the section title "Who we are" is followed by a paragraph of text: "When you sign up for Homework Helpers, you'll be matched with a certified tutor who will create a custom program for your child. Find out why our tutors are the best in the business!" A blue button labeled "Meet our team" is located at the bottom right. The footer contains the text "What we do" and a small illustration of a graduation cap.

HOMEWORK HELPERS

One-on-one tutoring for student success

The fall semester is almost here! We're sharpening our pencils and getting ready to welcome students again. Whether you're new to Homework Helpers or you've worked with us before, we can't wait to help your child reach their potential. Spaces are limited, so book early to reserve your slot!

Book now

Who we are

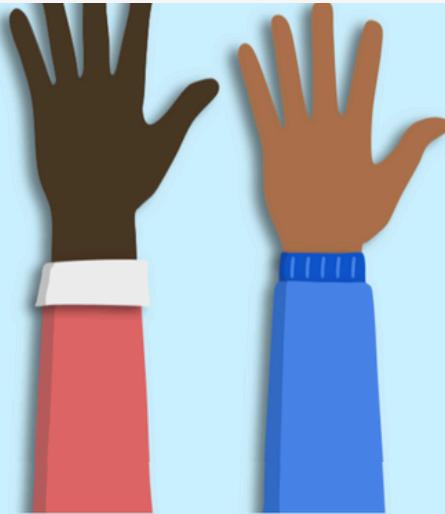

When you sign up for Homework Helpers, you'll be matched with a certified tutor who will create a custom program for your child. Find out why our tutors are the best in the business!

Meet our team

What we do

Our personalized tutoring services help young learners gain confidence and reach their academic goals. Whether in-person or online, we have options to fit your schedule.
